Re: Supplemental response to Request for Information Pursuant to Section
104 of CERCLA for the Fourth Avenue and Gambell Parking Lot Site
in Anchorage, Alaska

Dear Ms. Hwang:

On July 7, 2015, you sent two email messages requesting property title documents related to Fourth Avenue Gambell's answer to Question 10 in the Environmental Protection Agency's Request for Information dated March 9, 2015; and also seeking documents reflecting Fourth Avenue Gambell's conversion from a limited partnership into a limited liability company.

Fourth Avenue Gambell authorized us to respond on its behalf. In pulling together the requested documents for our client, we identified seven additional pages of a brochure responsive to Question 6. While Fourth Avenue Gamble previously provided most of this brochure (a cover page and the proposed limited partnership agreement), we are providing the entire document again, for your convenience.

Starting with Bates number 871, the following are attached:

- The document package from 1979 related to the title transfer of the Property to Fourth Avenue Gambell (Exhibit DDD)
- A brochure for the Fourth Avenue Gambell Limited Partnership containing seven previously undisclosed pages (Exhibit EEE)
- Application for Certificate of Conversion, Certificate of Conversion, cover letter, and Articles of Organization (Exhibit FFF)
- Agreement Ratifying Limited Partnership Ownership Interests and Authorizing Conversion to Limited Liability Company (Exhibit GGG)
